

Introduction to the Foundation of Ministry

The thirty talks which are included here represent the foundation for any successful ministry and are essential for development of a spiritual movement. They contain the lessons learned by Campus Crusade for Christ staff in 200 countries for the past 50 years plus and tested and practiced by thousands of churches around the world.

The focus of the first thirty is on learning the source of power for personal ministry, the direction of ministry, and the skills for the first step in any ministry: successful evangelism and personal follow-up, leading to the formation of small groups. They comprise two classes: Evangelism and Discipleship, which are three credits each.
